

Distributed Weather Forecast Device

Quick Installation Guide

Ver. 1.0

1. Package Contents

Unpack your DWF Device and make sure it contains the following items:

- . DWF Device with USB connector
- . The DWF Installation CD-ROM
- . A password and a username/email-address printed on the device.

2. Installation

First Step:

- . Insert install CD-ROM into your CD-ROM drive.
- . follow the instructions on the screen to install the DWF application.
- . If autorun doesn't start on it's own start **setup.exe** on the DWF install disk.

Second Step:

- . Make sure the installation disk is still in your drive.
- . Plug in the DWF Device into a free USB 1/1.1 port.
- . Follow the automatic installation for the dwfusb driver.
- . Windows XP will tell you that the driver isn't signed by Microsoft, ignore this warning because DWF doesn't offer signed driver for this device.

Third Step:

Start the DWF Program once by clicking Start->Programs->Distributed Weather Forecast->dwf.exe. After the next reboot the application will start on it's own. You can open it by clicking on the small raindrop symbol in the task bar beside the clock. If you can see the actual pressure in the application window, the installation is done.

Fourth Step:

- . Insert you email-address and password into dialog box.
- . Enable your internet connection.
- . **Go to Menu->Settings and insert your geographical data in the form.** Be sure to fill in correct data. If you do not know your coordinates fill in your zip code or pre phone number. This Step is important take full care of it! If the settings dialog doesn't appear wait a little bit, the application will contact several servers.

3. Troubleshooting

If you think anything of your DWF application doesn't work fine goto the DWF Homepage www.dwf.net and read the FAQ's. If you cannot find a answer to your question log in to the members area and go to the DWF support site. There you can contact DWF and report your problem.

3. Software License Agreement

LIMITED WARRANTY. DWF warrants that for a period of ninety (90) days from the date of shipment from DWF: (i) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (ii) the Software substantially conforms to its published specifications. Except for the foregoing, the Software is provided AS IS. This limited warranty extends only to Customer as the original licensee. Customer's exclusive remedy and the entire liability of DWF and its suppliers under this limited warranty will be, at DWF or its service center's option, repair, replacement, or refund of the Software if reported (or, upon request, returned) to the party supplying the Software to Customer. In no event does DWF warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions.

This warranty does not apply if the software (a) has been altered, except by DWF, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by DWF, (c) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident, or (d) is used in ultrahazardous activities.
